Allied supreme Corp., was established in 1981, dedicated to the production and processing of Fluoropolymer materials and equipment products, and providing one-stop service quality in the application field. The company continues to invest in research and development of core technology, constantly improving technology and quality, accumulating profound brand management resources and technology research and development results. We provide high-quality and high-value-added end products to meet the needs of industries such as semiconductor, specialty, biotechnology, pharmaceuticals, optoelectronics, and machinery.

Allied supreme Corp., has completed a series of automatic supply processes for the production, purification, filtration, acid mixing, dilution, blending, tanking, transportation, and usage of different specialty chemicals, providing the most comprehensive Fluoropolymer processing and application, including products such as fluoropolymer lining plate, fittings, drums, tanks, hoses, heat exchangers, and more. And constantly pursues the construction of next-generation Fluoropolymer processing capabilities, striving for excellence.

As one of the world's largest Fluoropolymer processing enterprises, Allied supreme Corp., can localize equipment and technology without relying on imports. Allied supreme Corp., understands customers' needs and expectations for products, quickly integrates development and provides complete services, and collaborates with partners to shine on the world stage. Allied supreme Corp., takes sustainable business as its concept, continuously improves technology, quality, and new product development capabilities internally, and achieves a mutually beneficial relationship with customers.
