About Company

☐ Provided by Customer

Marson Technology Co., Ltd. was established in Taiwan in 1990 and specializes in the design and manufacture of barcode equipment. With continuous R&D investment and quality improvement, we have always been a leading company in the automatic identification and data collection industry. For our high-quality and innovative products, we have obtained multiple patents from the United States, Germany, Japan, Taiwan, China, and other countries, and won the "COMPUTEX D&I Awards Taipei International COMPUTEX Innovation Design Award" and "Taiwan Excellence Award", which is a testament to Marson Technology the best recognition of high-quality products; bringing us many well-known business partners around the world.

Marson Technology specializes in designing and manufacturing a variety of barcode scanning and RFID reading equipment, from high-performance barcode scanning engines, handheld scanners, fixed-Mount scanners, RFID readers and AI Smart Cameras, and is a good partner in AIDC automatic identification industry applications. We uphold high-quality and environmentally friendly policies to provide first-class OEM/ODM customized services to all customers. Marson Technology Factory has passed ISO 9001 quality management certification and RoHS/CE/FCC process management system certification; in order to present the highest quality products to customers. Anytime you can reach MARSON with your inquiries Email: info@marson.com.tw
