About Company

☐ Provided by Customer

Since 1981, CHUMPOWER Group has been committed to innovation and quality, becoming Taiwan's leading brand in PET stretch blow molding equipment manufacturing and the largest producer of hand tool chucks and machine tool chucks. Under the CHUMPOWER brand, our products are exported to over 115 countries worldwide, accounting for more than 85% of Taiwan's PET stretch blow molding machine exports.

□ Smart Manufacturing: Leading the Revolution in Production

In response to Industry 4.0 trends, CHUMPOWER actively implements smart manufacturing to enhance production efficiency. Automated systems are extensively applied across production lines, including CNC automatic loading and unloading, visual recognition, and digital inspection technologies. These advancements optimize production environments, enable employees to focus on higher-value tasks, and deliver more efficient and precise products to our customers.

□ TPS Management: Reducing Inventory, Enhancing Efficiency

CHUMPOWER has adopted TPS Management (Toyota Production System), focusing on demand-driven production to prevent overproduction and inventory accumulation. By streamlining process design and resource allocation, we minimize waste while significantly improving production efficiency.

□ Precision Quality Control: Ensuring Excellence Every Step of the Way

CHUMPOWER is committed to delivering exceptional quality. Through stringent quality control procedures, every product undergoes meticulous measurement and inspection during manufacturing. This ensures compliance with international precision and specification standards, including ISO 9001 certification.

□ Customer-Centric Value: Comprehensive Solutions to Meet Your Needs

At CHUMPOWER, customers are at the heart of everything we do. We strive to meet their needs with innovative products and exceptional services. From providing high-performance equipment to delivering outstanding after-sales support, we continuously enhance service efficiency and product value, working alongside our customers to achieve industrial upgrades and sustainable growth.

□ Sustainable Development: Creating a Shared and Prosperous Future

CHUMPOWER is dedicated to sustainable business practices, promoting the use of green materials and actively participating in the circular economy. During the Covid-19 pandemic, we collaborated with industry partners to establish a melt-blown nonwoven fabric production line within just 60 days, showcasing our corporate social responsibility and adaptability.

□ Global Reach: Expanding Across Five Continents

CHUMPOWER products are distributed across more than 115 countries worldwide, spanning Asia, Europe, the Americas, Africa, and Oceania. We meet diverse market demands by offering comprehensive after-sales services. From technical support to equipment maintenance, we ensure customers around the globe enjoy efficient and reliable service.
