About Company

☐ Provided by Customer

Fu Chen Technology is a professional ice cream equipment supplier that has own factory in Taiwan. We keep the stable position on the market as a result of 30 years' experience in food machinery industry. Our mission is to design and manufacture consistent and dependable equipment for semi-industrial and industrial ice cream production, and offer the best value for money to the customers.

We provide help to novice entrepreneurs in ice cream business to set up new production lines for a variety of frozen novelties, such as sleeve cones, cups, family tubs, squeeze-ups, wafer cups, monaka sandwiches, moulded ice cream sticks and water ice lollies.

Besides, we also supply processing equipment for liquid food products, such as sanitary tanks, mixers, pumps & valves, heat exchangers, homogenizers, pasteurizers, CIP systems, gable-top carton & cup fillers, and much more.

Complete services include equipment selection, plant layout, process design, manufacturing, exporting delivery, on-site equipment & piping installation, commissioning, personnel training, start-up assistance and spare parts delivery.

We always consider long term benefits for our customers. We know it is very important to meet high hygienic standards and achieve profit targets. That is why we insist on producing the machine which has superior practicality, performance and longevity with less downtime.
