Line of Business Manufacture of Other Rubber Products

Manufacturer of customize rubber components

Manufacturer of various rubber seals

Mould building and selling

Upon Rubber products trading business

Main Products Various types custom-made rubber components

Rubber seals

Conductive Rubber Keypad Various Rubber Switches

Rubber foots with & without adhesive

Various material to Rubber bonding components

O-ring

Various Rubber Belt Wearables bracelet Medical parts

SIC Code 30690000

Employee Here 50~99 Employee Total 50~99

About Company	Provided by Customer
* *	

From production to post processing, Chief Tech provide one-stop services and continue to perform R&D and innovation to solve customers' problems. We also bring our own technologies to the next level to reduce customers' costs. Our hourly patrol inspection enables 100% inspection of our components. The strict QC control process improves the product yield while the rapid and rigorous production process meet customer's delivery deadline.

Our rich experience for more than 30 years allows us to quicker and more efficiently meet customer's various OEM/ODM demands for flexible manufacturing process of rubber components to accomplish various tasks requested by customers.

Chief Tech Rubber fulfil its social responsibilities, and pass the international ISO9001 and ISO13485 certifications to comprehensively meet the requirements for rubber product manufacturing process required by environmental protection laws and regulations. We insist to satisfy customers and deliver on the promise for customer's sustainability.

Our precise inspection will help you check all levels to ensure that your components are of optimum quality. Our track records show that the yield and technology improvements always help our products push the limits, which helps you have higher production capacities and gain enormous profits. This is the main reason we have a foothold in the rubber product industry.

Our components include:

Conductive rubber, P+R, silicone rubber, water-proof rings, water-proof parts, O-rings, dual material molding, rubber foot, automobile parts, vibration-damping rubber, rubber damping pads, and so on.
