About Company

☐ Provided by Customer

The Leading Industrial Mechanical Control Cable Specialist in Taiwan. Safety Control Cable Ind Co. Ltd was established in 1960, specializing in designing and manufacturing control cable for vehicles. Nearly 60 years of operation management, excellent motor company from domestic Taiwan and overseas market are all their loyal customers, starting them the leader of the mechanical control cable industry in Taiwan. Even traditional mechanical product industries are gradually being replaced by high tech electrical product, SCC still stays its status and continuous improvement and innovation excellent products to keep up with clients' new advanced specific requirement. Since Safety Control Cable Ind Co. Ltd was established, they have been through dramatic changes of the industry and rapid technology evolution. Traditional mechanical parts for vehicles are gradually replaced by electronic technology parts, expelling many suppliers to leave this territory or to change their strategy. Only the operation team numbers of Safety Control Cable Ind Co. Ltd believed that "A crisis is a chance" and faced the challenge with a positive attitude. They deeply believed in upgrade product added value by continuous improvement and development and converting traditional designs and process management into new technology application and management tools to reduce the total cost, to increase product reliability and to enhance added value to new products. Their product application range includes automobile, motorcycle/scooter, watercraft, snowmobile, yachts, recreational equipment, off road equipment product, agricultural machines and industrial machines, which brought such as industry highly vigorous activities and opportunities. Mechanical Control Cables are critical and functional parts for vehicles. Therefore, production safety, precision, high efficiency and reliability are Safety Control Cable Ind Co. Ltd major achievement.
