About Company ❑ Provided by Customer

AIRTECH System Co., Ltd. (Taiwan) was established in 1990 as a joint venture between a Taiwanese domestic company specializing in advanced air-conditioning systems, and Japan's largest cleanroom equipment expert, Japan AIRTECH Co., Ltd.

The company was formed with the objective of introducing to Taiwan the most advanced cleanroom designs, fabrication, and equipment by employing the joint venture's proprietary technology, systems and research.

The company was likewise formed with the purpose of being able to contribute to the local industry and the economy as well as upgrade the industrial knowledge and technology in Taiwan.

**【 Professionalism 】**

Our goal is to meet and even exceed our customers' expectations in terms of product and service quality.

We aim to create an impeccable, particle-free and sterile working environment. In addition to providing high-quality products and services, we also engage in knowledge transfer (such as facilities and equipment management) and embark on a technology transfer program with our customers, so as to achieve higher product and operational efficiency.

**【 Think globally, focus locally 】**

We learn and make use of global best practices and R&D yet currently focus our efforts on serving the domestic market.

Our customers include locally based conglomerates such as TSMC, UMC, AUO, Chi Mei, Promoter, Macronix, Nanya, and Taiwan masks; academic and research institutions like Industrial Technology Research Institute (ITRI), National Chiao Tung University (NCTU), Chang Gung University, Food Research Institute (FRI) and other entities. Having served the domestic market for quite some time, AIRTECH has earned a good reputation among its customers and the various industries where they operate. This has made AIRTECH the provider of first-choice for companies needing cleanroom equipment in Taiwan.
