About Company ❑ Provided by Customer

“Foreaider Co, Ltd ” is established from several shareholders that include “caregiver” “doctor” and” Senior Engineer” . Accountability and philanthropy are our founding philosophy. We hope to connect the nexus between the caregivers and the cared in a simple and effective fashion. People age; especially to the elderly, asking for help is embarrassing. We hope to provide care services without their requests or changing their usual living habits and daily routines, which awards senior citizens dignity they are entitled to.
