Business Basic Information

 Verified by D&B

D-U-N-S® Number 65-861-8215
Business Registration No. 80420546
Company Name Campro Precision Machinery Co., Ltd.
Company Type a private company limited by shares
Company Operating Address 12, Jingke 1st Rd., Nantun Dist., Taichung City, Taiwan
Phone +886-4-23500501
Fax +886-4-23500213
Email [Contact Us](#)
Company Website www.camprocnc.com
Taiwantrade Website of Company campro.en.taiwantrade.com/
Line of Business Manufacture of Machine Tool (Metal-cutting Types) |
Manufacturer of CNC Machine Tools
Main Products CNC Vertical Machining Center
CNC Precision Lathe
CNC Turning & Milling Center
CNC 5-axis Machining Center
CNC Double Column Machining Center
CNC Vertical Lathe
CNC Horizontal Machining Center
Flexible Manufacturing System
Computer-Integrated Manufacturing
Brand Name CAMPRO
Milltex
SIC Code 35410000
Employee Here 100~199
Employee Total 100~199

About Company

☐ Provided by Customer

We market globally under the "CAMPRO" brand. "CAMPRO" is composed of "CAM" and "PRO," where CAM stands for "Computer-Aided Manufacturing" and PRO signifies "Professional." This name not only conveys our expertise in manufacturing technology but also expresses our commitment to providing the best solutions to customers worldwide. Our logo design is also unique. The outermost part resembles the letter "C," and the middle forms the letter "P." This design can be drawn in one continuous stroke, symbolizing our spirit of seamless and efficient work at Campro Machinery. It represents our work attitude of pursuing perfection and efficiency without any slack.

Since our establishment in 2003, Campro Machinery has been committed to demonstrating professional performance in the high-end CNC machine manufacturing industry. We adhere to the core values of "Quality First, Service Foremost, Integrity & Dignity, Professional Team, and Innovative Technology." These values have become the cornerstone of our outstanding performance in the industry. We always strive for perfection, whether in product quality or service attitude.

Our professional team members cover various fields, including R&D design, production management, manufacturing technology, quality control, application services, marketing, and business management. These experts work together to develop and produce high-rigidity, high-precision, high-efficiency, high-reliability, and high-value-added products. We select the best parts, follow strict production processes and quality control, and serve customers with a fast, flexible, proactive, and adaptive work attitude.

Our vision is to become a practitioner of human-machine symbiosis. Through continuous technological innovation and professional team collaboration, we are dedicated to realizing this vision. Since 2016, we have been actively investing in intelligent machinery, starting with factory visualization management and gradually expanding to provide comprehensive smart manufacturing solutions, becoming a pioneer in the digital transformation trend. Our efforts have made Campro Machinery one of the industry leaders, having delivered nearly 10,000 machining centers globally and serving over 5,000 customers.

We use professionalism and innovation to build the "CAMPRO" brand and promote it globally.
