About Company

Provided by Customer

SINTRONES is a world-renowned and ISO 9001 certified company of in-vehicle computing system products.

We are dedicated to provide our customers with high quality certified computer system products that meet international traffic transportation standards certification, including EN50155, E-Mark, IEC60945, IACS E10, DNV and MIL-810.

Our team has years of product design and sales experiences in X86, RISC and NVIDIA Jetson platforms as well as vertical system integration of applications. Our in-vehicle computing products were awarded several patents in many countries across the world. With reliable and powerful engineering ability in R&D, SINTRONES provides stable and high-quality product solutions align with customers' short and long-term needs. We are proud of the passion, agility, and professional efficient service we offer.
